PRODUCT DESCRIPTION

The B2 series of sockets and switches, IP54 rated, dust and moisture resistant. The series features a timeless shape and robust housing. Perfect for installation in industrial facilities and households. The switches are equipped with quick connectors, while the sockets are equipped with traditional screw connections.

The single-pole switch is adapted to surface mounting. It is the simplest basic switch which operates on a single circuit and to which, for example, a single lamp can be connected. However, the product can also

control other devices in the environment. It will be suitable wherever protection against dust and water splashes is required (IP54).

The product is available in three colors: white, gray and gray-black. Dimensions 77x66x51mm.
