Place of application:	Inside
Possibility of cooperation with a dimmer:	No
Connection type:	Free cable ends
The minimum distance from the illuminated object:	0,5 m
Luminous flux:	30 lm
Rated power:	1.5 W
Light source:	LED SMD
Degree of protection (IP):	20
Colour temperature:	3000
Nominal voltage:	12V DC
Ambient temperature range to which the product may be exposed:	- 30 ~ 45 °C
Colour:	black
Installation:	flush mounting
Dimensions - depth:	32.5 mm
Dimensions - width:	75 mm
Dimensions - height:	75 mm
Other features:	Innovative solution that allows flush-mounting in any 60mm junction box.
Colour rendering index CRI:	>80
Weight:	42.5 g
Material housing:	Steel plate
Control of the motion sensor:	No
Number of on / off cycles:	10000
Protection class against electric shock:	III
