

Garden laser projector SANTA

Marka: Orno | Symbol: OR-PS-6078 | Ean: 5902560327373

PRODUCT DESCRIPTION

The practical projector displays thousands of green or green-red lights. Assembly on the stand with a pin or on the special support allows setting the laser in the convenient position. The built-in twilight sensor switches the lighting on only when the luminous intensity is reduced. 7 Modes: alternate red and green/static red and green/static green/static red/rotational green/rotational red/rotational red and green.
