Switch with 2 channels and radio transmitter, used for wireless control of flush-mounted switches and sockets, surface-mounted, ORNO Smart Home

Marka: **ORNO Home** | Symbol: **OR-SH-1751** | Ean: **5908254810664**

PRODUCT DESCRIPTION

The device is designed to remotely control wireless flush-mounted switches, sockets and all the connected electrical and/or lighting equipment. The device has an integrated radio transmitter and operates on 433.92 MHz frequency. It is suitable for mounting it directly on the wall without the need to put it inside electrical junction boxes. It can be used as a double-channel remote control unit. The device is compatible with ORNO
