

## Remote control unit for wireless control of flush-mounted switches and sockets, 4 channels, ORNO Smart Home

Marka: ORNO Home | Symbol: OR-SH-1752 | Ean: 5908254810671

### PRODUCT DESCRIPTION

The device is designed for wireless control of ORNO Smart Home wireless switches, sockets and electrical devices connected to them. The device has an integrated radio transmitter and operates on 433.92 MHz frequency. Communication can take place on 4 separate channels, which allows to control 4 separate devices within the range of the remote control unit. The device is compatible with ORNO Smart Home based on TUYA engine, which supports Google and Alexa smart home solutions. This system is compatible with ORNO wireless sockets and remote-control units: standard models (OR-GB-417 -420), MINI models (OR-

GB-438 –440) and IP44 standard socket: OR-GB-429 and MINI OR-GB-441.

## TECHNICAL DATA

### General information:

|                                 |                               |
|---------------------------------|-------------------------------|
| Type:                           | 4-channel remote control unit |
| Power supply of the receiver:   | 1x CR2032                     |
| Max. power of the transmitter:  | < 10mW                        |
| Wi-Fi communication:            | No                            |
| Type of transmission:           | wireless                      |
| Compliant with Orno Smart Home: | Yes                           |
| Colour:                         | white                         |
| Possibility of extension:       | Yes                           |
| Range in the open area:         | 30 m                          |
| Dimensions - depth:             | 13 mm                         |
| Dimensions - width:             | 91 mm                         |
| Dimensions - height:            | 92 mm                         |
