Water leak detector Tuya Smart Wi-Fi

Marka: **ORNO Home** | Symbol: **OR-SH-17602** | Ean: **5908254844584**

PRODUCT DESCRIPTION

The water leak detector is a device that is undoubtedly designed to provide the user with flooding protection. Combined with a smart home system, it not only gives a sense of security but also alerts of an imminent threat via mobile app from anywhere in the world.

All of this thanks to the connection of Wi-Fi network with the advanced Tuya Smart platform. The user has full control and monitoring of the device after downloading the app to a smartphone supporting android and iOS

and then pairing it with the sensor.

This not only protects against property damage, but also gives the user the confidence that their home is under constant protection. The app eliminates the need for constant supervision, alerts at the moment of danger and activates an alert in real time. Thanks to its precise flooding sensors, Tuya Smart instantly registers any presence of water, even while working in the background, and notifies of the event.

The length of the probe cable is 1m, which distances the detector from the damaging effects of water.

The sensor measures 16x24x69mm and is powered by two AAA batteries. White colour.

TECHNICAL DATA

General information:

Supply voltage [V]:	3
Number of detectors:	1
Sensor length [mm]:	16
Width sensor [mm]:	24
Detector height [mm]:	69
Probe cable lenght [mm]:	1000
Probe type:	Magnetyczna
Battery:	2xAAA
Stand-by current [mA]:	30
Working current [mA]:	35
Wi-Fi:	Tak
Wi-Fi frequency:	IEEE 802.11b
Wi-Fi frequency [GHz]:	2.4
Wi-Fi power [W]:	≤0.2
Powered by TUYA:	Tak
Compatible with Google Assistant:	Tak
Compatible with Amazon Alexa:	Tak
