

LED solar garden lamp SAURO with motion sensor

Marka: Orno | Symbol: OR-SL-6001LPR4 | Ean: 5901752487567

ORNO

PRODUCT DESCRIPTION

The solar LED lamp is fitted with modern photovoltaic panels to catch the source of energy. The built-in battery is charged via the solar panel during the day, and an integrated twilight sensor automatically turns the light on in a dark environment. 3-stage power switch: L30lm / M50lm / H100lm / OFF. The lamp doesn't require additional wiring. The PIR motion detector responds to motion and the twilight sensor switches lighting on only if necessary (depending on settings).

TECHNICAL DATA

General information:

Luminous flux:	200 lm
Rated power:	2,4 W
Light source:	LED SMD
Degree of protection (IP):	44
Colour temperature:	4000K
Solar panel type:	polycrystalline
Colour:	grey
Solar panel:	Yes
Dimensions - depth:	244 mm
Dimensions - width:	130 mm
Dimensions - height:	231 mm
Other features:	switch type: ON/OFF/AUTO
Colour rendering index CRI:	>80
Detection angle:	120°
Control of the motion sensor:	Yes
Type of sensor:	PIR
Detection range:	12 m
Adjustable daylight sensor (LUX):	No
Adjustable time setting (TIME):	No
Adjustment of motion detection range (SENS):	No
