

Wireless weather station with outdoor and indoor humidity and temperature indications.

Marka: Orno | Symbol: OR-SP-3101/B | Ean: 5900378659921

ORNO

PRODUCT DESCRIPTION

A wireless weather station with radio control. The device displays values of both – indoor and outdoor temperature and humidity. The built-in thermometer receives signal from the outdoor panel, which sends data via radio frequency. The indoor station is suitable for indoor use only. The set can be expanded with additional (two) outdoor units.
