ORNO

PRODUCT DESCRIPTION

It is a modern videodoorphone equipped with an ultra-slim 7" LCD monitor with smooth adjustment of parameters (brightness, color contrast, volume tone & conversation, calling time), 13 selectable ringtones and a touch panel with backlit buttons. Additional gate control function only with the application of OR-VID-EX-1034ME (not included). OSD menu in Polish and English. It supports two inputs (the possibility of connecting two video cameras). External panel, which requires surface mounting, is equipped with bright LEDs that enable night vision. The built-in RFiD reader allows to open the bolt using a card or a proximity tag. Numeric

keypad (which is illuminated at a low light intensity) allows to log in 100 users. Intercom function is available after using an additional monitor. DC power supply from the power supply to the 15V DC socket. Electric strike requires additional power supply (12VDC power supply included).
