

Video camera for the extension of VIBELL series, vandal-resistant

Marka: **Vibell** | Symbol: **OR-VID-EX-1057KV** | Ean: **5900378655664**

PRODUCT DESCRIPTION

Video camera compatible with other VIBELL products. Built from a very durable material which guarantees its resistance to variable weather conditions. It has a wide-angle, colour camera, additionally equipped with bright LED diodes enabling excellent night vision. A backlit panel for your name is also provided. Once it is connected to any VIBELL video-monitor, the device enables conversation between the camera and an internal panel, activation of gate control function, or opening of the door lock output directly from the video-camera panel.
