### PRODUCT DESCRIPTION

An example of VIBELL set - TAURI MEMO video door phone set includes a multicolour, ultra-flat 7" LCD monitor and a very durable, wide-angle video-camera. Communication between the indoor and outdoor panels does not require any uniphone. It has a user-friendly OSD menu, which is used to instantly adjust monitor parameters. An additional lighting of the camera panel, provided by bright LED diodes, enables excellent

night vision. The set has a built-in memory card and additional SD card slot. Moreover, it has a numeric keypad and a RFID reader used to log in authorised users only. The set enables gate control function and opening of the door lock output. Additional functions require additional power source (included). Available colours: black and white.
