

Video monitor 8", to expand XIRAN and GAYD-set, touch screen

Marka: ORNO Home | Symbol: OR-VID-MA-1079PMV/B | Ean: 5908254843853

PRODUCT DESCRIPTION

The video monitor to expand the XIRAN set is the solution that significantly raises the standards of access management and monitoring over the property, while the intercom function facilitates communication within the house, for example between floors.

The XIRAN monitor is equipped with a large 8-inch touch screen, which ensures clear picture and easy operation. Additionally, you may control from anywhere in the world what is happening in the premises with

the help of popular Tuya Smart platform which is Wi-Fi operated. Simply install the app on any smartphone that supports Android and iOS systems and synchronize XIRAN with the app.

Managing access control to the property is convenient and efficient as you may control the wicket and the gate via the monitor.

The monitor features weather station and answering machine functions. The weather station enables to quickly check the current weather conditions and the answering machine enables to leave a voice message while the owners are away.

The monitor measures 215x153 mm. Black colour.

The set may be expanded up to 6 XIRAN monitors.
