

Video monitor 7", to expand ALERTO-set, touch panel

Marka: **ORNO Home** | Symbol: **OR-VID-MD-1084PMV/B** | Ean: **5908254845017**

PRODUCT DESCRIPTION

A video monitor 7" designed to expand the ALERTO set. Equipped with a large 7" screen with a resolution of 1024x600 pixels. The monitor not only provides a large and clear image, but also enables intuitive navigation using touch buttons.

Controlling the wicket and gate increases convenience. The power supply of the electric strike (max. 300mA) does not require an additional connection to the wicket, which eliminates the need to run additional wires

through the garden.

The internal memory allows 120 photos to be stored and an additional microSD card allows video recording to provide comprehensive protection. 12 different melodies and a volume control, tailored to three different times of the day, allow you to personalise your call sound.

Additional monitors (max. 4 per set), with intercom function, enable communication in a multi-storey house and also increase the feeling of peace of mind, as the camera can be viewed from the outdoor unit or CCTV at any time.

The dimensions of the monitor are 180x125mm. Black colour.

TECHNICAL DATA

General information:

With video:	tak
Installation technique:	System wieloprzewodowy
Number of wires :	4
Mounting method:	Montaż natynkowy
Hands free:	tak
Screen diagonal (inch):	7"
With touch screen:	nie
Resolution of the monitor's screen:	1024x600
Property picture system:	Kolor
Can be connected to smartphone:	nie
With memory function:	tak
SD card reader:	tak
Internal communication:	tak
Operation door lock:	tak
With automatic door opener:	tak
Number of ringtones:	12
Specific call tone:	tak

Loudness control:	tak
Mutable call tone:	nie
Additional device connectable:	tak
Material:	Tworzywo sztuczne
Colour:	Czarno-srebrny
Width [mm]:	180
Height [mm]:	125
Depth [mm]:	22
