

## FANOS LED Solar lamp 2-in-1 with motion sensor, 300 lm, IP44, 3000 K, 1200 mAh

**VIRONE**Marka: **Virone** | Symbol: **SL/R-2/B** | Ean: **5908254852442**

### PRODUCT DESCRIPTION

Use the FANOS LED solar lamp to illuminate the facade, garden, path leading to the house or the entrance to the property. The 2-in-1 design allows you to choose the mounting method – you can stick the lamp into the ground or mount it on the wall like a sconce.

Power is supplied by a 1200 mAh battery, which is charged during the day by a built-in solar panel. The twilight sensor is responsible for turning on the lamp after dark, and the motion sensor responds to the

presence of a person within a range of approximately 3–5 meters.

You have three lamp operating modes at your disposal: - turns on when motion is detected,

- glows with a constant dim light and brightens when motion is detected,

- glows with a constant light.

The LED light source emits warm light with a colour temperature of 3000 K. The luminous flux of 300 lm allows you to illuminate the space well. The IP44 rated housing protects the lamp from moisture and dust, so you can use it all season long.

The classic form inspired by the appearance of a lantern makes the lamp fit well with both modern and traditional buildings. When fully charged, the lamp works for 6-8 hours.

## TECHNICAL DATA

### General information:

Nominal voltage [V]:	5.5
Lamp type:	LED, niewymienne
Suitable for lamp power [W]:	2
Rated luminous flux according to IEC 62722-2-1 [lm]:	300
With light source:	tak
Suitable for number of lamps:	1
Colour temperature [K]:	3000
Beam angle:	Wiązka bardzo szeroka > 80°
Rated life time L70/B50 at 25 °C [h]:	10000
Colour of light:	Ciepła biel
Degree of protection (IP):	IP44
Type of luminaire:	Lampy ogrodowe solarne
Material housing:	Tworzywo sztuczne
Colour housing:	Czarny
Material cover:	Tworzywo sztuczne przezroczyste

With light sensor:	tak
With movement sensor:	tak
Detection range [m]:	3-5
With solar panel:	tak
Type of solar panel:	Polikrystaliczny
Width [mm]:	123
Height/depth [mm]:	145/500
Length [mm]:	118
Other features:	Akumulator 1200 mAh; Czas ładowania 8-9 h; Czas pracy 6-8 h
