

THAR LED 7W A60, bulb with microwave motion sensor, 825lm, 4000K, E27

Marka: **Virone** | Symbol: **SW/MV-5** | Ean: **5908254824135**

PRODUCT DESCRIPTION

THAR LED a modern light source in shape of a bulb, equipped with SMD LED diodes, which guarantee high energy efficiency and long service life of the device. This product has rated power of 7W and emits light with luminous flux of 825lm. This product shines with a natural white color at a temperature of 4000K. Our LED bulb has a built-in microwave motion sensor, which allows to control other light source after motion is detected in the detection area, and when the ambient light is reduced to <20lux. The motion detection range is up to 10m. Lighting time, after detection of a motion is ca. 60 sec. The bulb has an E27 thread and does not require any

installation. Just install it in place of a standard bulb to automatically turn the lamp on and off.

TECHNICAL DATA

General information:

Lamp power:	7 W
Light source:	LED
Lamp voltage:	230 V
Luminous flux:	825 lm
Colour temperature:	4000
Socket:	E27
Lamp shape:	Pear shape
Lamp designation:	A60
Glass colour:	Matt
Energy efficiency class:	E
Dimmable:	No
Durability:	25000h
Weighted energy consumption in 1000 hours:	7 kWh
Colour rendering index:	>80
Light distribution angle:	360°
With motion sensor:	Yes
Total length:	108 mm
Diameter:	60 mm
Type of sensor:	microwave sensor
Detection range:	10 m
