

THAR LED 12W bulb with PIR motion sensor 1480lm, 4000K

Marka: **Virone** | Symbol: **SW/R-4** | Ean: **5908254822704**

PRODUCT DESCRIPTION

Modern light source THAR LED has a shape of a bulb, equipped with SMD LED diodes, which guarantee high energy efficiency and are characterized by a long service life. This product works with a power of 12 W and has a light output of 1,480 lm. It shines with a natural white color, with a temperature of 4000K. Our LED bulb has a built-in PIR motion sensor, which is responsible for controlling the light source after motion is detected in the detection area and with a reduced light intensity <20lux. The motion detection range is up to 6m. Lighting time after motion detection: about 60 sec. The bulb has an E27 holder and does not require any installation. It

is enough to screw it in a place of a standard bulb to automatically turn the lamp on and off.

TECHNICAL DATA

General information:

Lamp power:	12 W
Light source:	LED SMD
Lamp voltage:	230 V
Luminous flux:	1480 lm
Colour temperature:	4000K
Socket:	E27
Lamp shape:	Pear shape
Lamp designation:	A60
Glass colour:	Matt
Energy efficiency class:	E
Dimmable:	No
Durability:	25000h
Weighted energy consumption in 1000 hours:	12 kWh
Colour rendering index:	>80
Light distribution angle:	360°
With motion sensor:	Yes
Total length:	122 mm
Net weight:	113 g
Diameter:	60 mm
Type of sensor:	PIR
Detection range:	6 m
