

White aluminum light track, 100 cm long, 85-265V, two wires

ViRONE

Marka: **Virone** | Symbol: **TR-2/W/1M** | Ean: **5908254827600**

PRODUCT DESCRIPTION

This functional and well-designed Virone light track allows for precise placement of lighting heads. The track is the basic element of the lighting system, which can be expanded by additional tracks, and reflectors, with the use of whole variety of couplers and connectors. Suitable for surface-mounting. Neat finishing and durability of the materials used, make Virone light track a simple and convenient way to create lighting that will complement office rooms, exhibition spaces, but also which will highlight the desired elements of the interior. This product can be combined with other elements of the series or lighting that we already have. The product

is made of high-quality aluminum. It is resistant, easy to install and easy to adjust, thanks to a dedicated series of connectors and other accessories. White colour. • Element length: 100cm • White colour • Voltage: 85-265V • Number of wires: 2

TECHNICAL DATA

General information:

Nominal voltage:	85-265V
Type:	Track
Shape:	Rectangular
Number of phases:	1
Height:	11 mm
Max. power:	600W
Colour:	White
Material:	Aluminium
Surface-mounted:	Yes
Degree of protection (IP):	IP20
Protection class against electric shock:	I
Width:	39 mm
Length:	1000 mm
