

LAYO Wireless video doorbell with Wi-Fi and bell receiver with Full HD video camera, WiFi and network receiver, IP65, communication with smartphone with Tuya app, 60 ringtones

Marka: **Virone** | Symbol: **VDB-1** | Ean: **5908254823343**

PRODUCT DESCRIPTION

LAYO wireless video doorbell. The set includes a video doorbell and a mains-powered receiver. The bell has a WiFi connection and can be operated by a smartphone, after downloading the free Tuya app. This makes it possible to talk to a person standing outside. The device has a slot for a microSD card (not included) to store

photos and video, and is equipped with a sensor that immediately starts recording video when motion is detected. The video doorbell has a slim design so it can be mounted on narrow posts. It contains a button and a Full HD camera, backlit by IR diodes, which provide clear image even after dark. The video doorbell is powered by a built in rechargeable battery, charged via USB. It is also possible to connect a transformer to supply 8-24V AC. The device is tight and resistant to difficult weather conditions, It has a high protection class IP65. The mains powered bell receiver provides audible signalling in case the phone runs out of power. Users can choose from up to 60 ringtones and their volume can be adjusted from 64-84 dB.

TECHNICAL DATA

General information:

Type:	jednorodzinny
With video:	tak
Current supply:	Akumulator/sieć
Nominal voltage:	3,7V DC
Type of transmission:	bezprzewodowy
Can be connected to smartphone:	tak
