

## Video monitor 7", to expand CETI Full HD-set, Wi-Fi, touch screen

Marka: **Virone** | Symbol: **VDP-60FHDPMV** | Ean: **5908254843310**

### PRODUCT DESCRIPTION

Video monitor 7" to expand CETI Full HD set. The CETI set has wide expansion opportunities (additionally max. 3 monitors, 1 outdoor panel, 2 CCTV cameras). It perfectly works in multi-story buildings, villas and larger estates.

The primary task of the monitor is to facilitate conversation with the guest as well as to control a wicket and a gate with the help of a home screen. The answering machine and memory functions are also a great

convenience. A visitor may leave a message while householders are away. The video recording and images of this fact may be registered to internal memory or microSD card.

Thanks to the touchscreen the use of the device is easy and intuitive. Resolution as high as 1024x600px ensures clear image.

The appliance has 6 different melodies with the possibility of volume control. You may assign an individual call sound to each outdoor unit or to the intercom.

The screen may be installed between floors in a large house. With the help of additional screen, the intercom establishes internal connection and helps householders to communicate inside the building. The expansion provides an effective entry control and monitoring system.

The 181x181 mm display is made of black and white plastic. It is surface-mounted.

## TECHNICAL DATA

### General information:

<b>With video:</b>	tak
