

## Single-family video camera for the extension of SETAR systems

**ViRONE**Marka: **Virone** | Symbol: **VDP-68KV** | Ean: **5908254829192**

### PRODUCT DESCRIPTION

The outdoor unit is resistant to water splash and adverse weather conditions. It is equipped with a camera capable of night vision functionality (IR). The horizontal vision angle is 105 degrees. Furthermore, SETAR is designed to allow for expansion of the set (max. 2 external panels and 2 video monitors) which makes it easy to configure depending on specific needs of small, medium size or even large houses. The set is mains powered and adapted to multi-wire installation (number of wires: 4+2) which allows to control the automation system of an entrance gate and electric strike. Adapted to 12V DC voltage.

## TECHNICAL DATA

## General information:

Installation technique:	Multi-wire system
Number of wires:	4+2
Height:	160 mm
Depth:	26 mm
Number of call buttons:	1
Operation mode:	Push button
With camera:	Yes
Mounting method:	Surface mounted (plaster)
Horizontal field of view:	105 °
Vertical field of view:	54 °
Night lighting:	IR
Degree of protection (IP):	IP44
Width:	70 mm
