

Video monitor 10", to expand MAILO-set, Wi-Fi, touch screen

Marka: **Virone** | Symbol: **VDP-70PMV/W** | Ean: **5908254845116**

PRODUCT DESCRIPTION

The video monitor to expand the MAILO set is equipped with a huge 10-inch touch screen, which guarantees clear picture and intuitive navigation. Thanks to split screening, it is possible to simultaneously monitor images from four video channels making the MAILO a central point of home monitoring.

The advanced smart home technology enables remote control via Wi-Fi and Tuya Smart app. One needs simply to install the platform on a smartphone (supporting Android and iOS systems) and synchronize it with

MAILO video monitor. Thanks to this, one may easily monitor the entrance to the property from any place in the world ensuring peace of mind and safety of the household members.

The built-in features, such as the microSD card reader and the answering machine, guarantee complex solution for entrance control and monitoring. Having MAILO video doorphone, the user does not have to worry about a possible lack of video recordings and photos while being away. MAILO would register even an answered call, so that nothing escapes the attention of household members. Moreover, the answering machine feature enables a guest to leave a voice message when the user is not at home.

The video monitor is equipped with 12 different melodies, and the microSD card allows to upload one's favourite music in mp3 format. This enables to adjust call sounds to one's own preferences. The device has different sound levels, including complete muting, and possibility of assigning a particular level to three times of the day.

Foto frame feature enables to read the photos stored on microSD card in a standby mode. This is a practical use of the device, even when at rest, which has both an aesthetic and decorative function, thanks to a modern design.

The video monitor is white, made of high-quality plastic. The dimensions measure 260x162 mm. Surface mounted.

The MAILO video doorphone set may be expanded with max. 6 additional monitors to create a complex system of entrance control and monitoring. The built-in intercom feature enables to call inside the house, which facilitates the communication, e.g. between floors.

TECHNICAL DATA

General information:

With video:	tak
Installation technique:	System wieloprzewodowy
Number of wires:	4
Mounting method:	Montaż natynkowy
Hands free:	tak
Screen diagonal (inch):	10"
With touch screen:	tak
Resolution of the monitor's screen:	1024x600
Picture system:	PAL/NTSC

Property picture system:	Kolor
Can be connected to smartphone:	tak
Type of interface:	Wi-Fi
Wi-Fi frequency:	2.4 GHz
Wi-Fi standard:	802.11 g/n
App:	Tuya Smart
With memory function:	tak
SD card reader:	tak
Internal communication:	tak
Operation door lock:	tak
With automatic door opener:	tak
Number of ringtones:	12
Specific call tone:	tak
Loudness control:	tak
Mutable call tone:	tak
Additional device connectable:	tak
Material:	Tworzywo sztuczne
Colour:	Biały
Width [mm]:	260
Height [mm]:	162
Depth [mm]:	24
Other features:	symultaniczny podgląd z 4 kamer; automatyczna sekretarka, funkcja foto ramki
