

Ventilation grille with hood Ø100, white

Marka: **Virone** | Symbol: **VGS/H/100/W** | Ean: **5904988914807**

PRODUCT DESCRIPTION

Grille intended for use outside buildings as the end of mechanical ventilation. The shape of the hood protects against water coming in from outside. The check valve protects against adverse backdrafts, and the net blocks bird access and prevents rubbish from falling into the ventilation.

Grille material: ABS.

Available in white and graphite.

Hole diameter: 100 mm.
