

USB-A to microUSB cable Miccell VQ-D06, 2.4A, 1m, pink

Marka: **VIRONE by Miccell** | Symbol: **VQ-D06-004041** | Ean: **5908254853036**

PRODUCT DESCRIPTION

Connect, charge, transfer data – efficiently. The pink USB-A > Micro USB cable is 1 m long, so it does not limit movements and allows you to freely use your device while charging.

The USB-A – microUSB cable is used to connect mobile devices with the older microUSB connector to other devices or chargers equipped with a standard USB-A port.

Allows you to charge mobile devices such as:

- smartphones and tablets with microUSB connector (e.g., older Samsung, Huawei, LG, and Sony models),
- Bluetooth speakers,
- power banks,
- wireless headphones,
- action cameras, cameras, GPS navigation systems.

The solid cover protects the cable from abrasion, and the ends fit well into the ports.

Perfect for everyday use at home, in the office or in the car.
