PRODUCT DESCRIPTION

Connect, charge and transfer data without limits.

This USB-A Lightning cable was created with Apple users in mind. You can easily charge your iPhone, iPad or AirPods, and sync photos, music and files with your computer.

Thanks to the current of 2.4 A, you can count on efficient charging, and the 1.2-meter length gives you freedom of movement – regardless of whether you use the cable at home, at work or when travelling.

The elegant black colour complements dark devices. Choose a cable that keeps up with your daily routine.
