

Work light E27, max.60W, IP20, glass lampshade

Marka: **Virone** | Symbol: **WL-11** | Ean: **5908254829253**

ViRONE

PRODUCT DESCRIPTION

The work light is a popular equipment used in a variety of industries, including automotive mechanics, electrical engineering and the construction industry. The lamp, has a hook that allows it to be placed in various places such as a workbench or ceiling. The device is lightweight and equipped with a handle so that it can be easily moved from one place to another. The handle also allows the lamp to be easily operated, even with thick protective gloves, making it much easier to carry out work in difficult conditions.

The lamp is suitable for E27 light sources with a maximum wattage of 60 W and is made of durable materials such as aluminium and plastic. This model has an IP20 rating and a glass shade, additionally equipped with a protective grid to protect the shade from breakage.

The device has a long cable that allows the lamp to be plugged into a socket from a distance of 5m. The work light will come in handy when carrying out precision work when good visibility and accuracy are key.

TECHNICAL DATA

General information:

Nominal voltage [V]:	230
Lamp type:	Żarówka
Lamp holder:	E27
Suitable for number of lamps:	1
With light source:	nie
Max. system power [W]:	60
Degree of protection (IP):	IP20
Protection class:	II
Material housing:	Tworzywo sztuczne
Material cover:	Szkło przezroczyste
Colour housing:	Czarny
With connection cord and plug:	tak
The length of the power cord [m]:	5
Width [mm]:	150
Height/depth [mm]:	120
Length [mm]:	300
