

## PAMIR LED 5W worklight with battery, 300lm, IP44, 6000K, 2x1200mAh, with USB charger and powerbank

Marka: **Virone** | Symbol: **WL-3** | Ean: **5908254817892**

**ViRONE**

### PRODUCT DESCRIPTION

This portable PAMIR LED worklight is designed to provide light when working outside and in a house, garage, basement, car or camping, etc. It is equipped with two independent light sources - a modern COB LED diode and 12 ultra-bright LEDs that shine with rated power 5W and emit light with luminous flux of 300 lm. The floodlight can also emit orange flashing warning light. The main headlight shines with a cold 6000K light, which works well in rooms intended for work, because it provides very clear and sharp colors. In addition, the floodlight has 2 built-in lithium-ion batteries with a total capacity of 2400 mAh and a USB charger, thanks to

which the floodlight can be used as a power bank to charge other devices, for example at a camping site. The device works in 5 different modes: strong light / medium light / low light / SOS / Power Bank. USB charger output: 5VDC / 1A. The IP44 ingress protection rating guarantees sufficient protection against dust and water splashing from any angle.

## TECHNICAL DATA

### General information:

Luminous flux:	300 lm
Rated power:	5 W
Light source:	LED COB
Degree of protection (IP):	44
Colour temperature:	6000K
Battery capacity:	2400 mAh
Number of working modes:	5
Built-in battery:	Yes
Dimensions - depth:	48 mm
Battery included:	No
Dimensions - width:	13 mm
Dimensions - height:	180 mm
Other features:	battery charged via Micro USB port, USB charger, Power Bank, two independent sources of light
